1. Introduction

At this time, allow us to introduce SUNS AL-WATAN CONT. EST. (SACO). Based in the Kingdom of Saudi Arabia, Eastern Region-Jubail.

Among its varied activities are the following:

- **General contracting services for civil and mechanical work.**
- **General construction services.**
- **Heavy machinery and equipment rentals, both mobile and static**
- **Trading services also include the provision of tools and electrical and mechanical industrial replacement parts.**

By offering skilled labor combined with cutting-edge technology, large mobile equipment, and industrial support services to our many cherished clients, we have effectively supported our client. We have enough experience working on infrastructure projects and in the industrial sector.

While maintaining the highest standards of quality and safety during project execution, we continuously aim to improve the performance of our work. We have enough space available. High academic, professional, and skilled labor is available, together with the necessary tools and machinery to meet all of our needs in the mechanical, electrical, and earthmoving construction industries.

Please feel free to reach out to us at sunsalwatan@gmail.com and info@sunsalwatan.com if you need any additional information.

We hope to soon have your beneficial cooperation so that we can start doing business with your esteemed association and effectively complete all of your requirements.

2. C- Organization Chart

3. A- Quality Policy

For the benefit of both customers and staff, SUNS AL-WATAN CONT. EST. is committed to quality and ongoing process improvements. The quality systems of SUNS AL-WATAN CONT. EST. are on par with some of the best in the business, and we feel that they will have a big impact on the company's performance and expansion. Our main duty is to use established metrics and standards

to make sure that the level of quality at SUNS AL-WATAN CONT. EST. not only meets but also surpasses the criteria set by our clients.

We foster organizational excellence and quality awareness through creative process enhancements, training, evaluations, and the creation of initiatives that promote both employee and customer pleasure. Our dedication to providing world-class goods and customer services includes quality as a core value. In order to fulfill it.

We Manage our business with the utmost professionalism, and keep up with the newest web technologies.

3. B- HSE Policy

To ensure a secure working environment for both its staff and clients, SUNS AL-WATAN CONT. EST. We work to achieve this by implementing a program of ongoing training for staff members on safety and loss prevention-related topics, as well as by fostering good communication among all parties involved in project operation.

There is no task so crucial that it must be carried out in a way that exposes the worker to risks that could endanger other people or damage property. The concerned manager will give stopping prospective losses high attention.

"Safety has been and always will be our top priority." SUNS AL-WATAN CONT. EST. assures that chosen candidates have adequate occupational safety awareness during our selection procedure.

A key characteristic of SUNS AL-WATAN CONT. EST. is its Safety, Health, and Environmental (SHE) Policy. Every employee's wellbeing is reliant on safety, health, and the environment. Therefore, every effort is made to maintain the practically sound health of every employee. On the job or off, we constantly look forward to an environment free of accidents and incidents.

A Loss Prevention system has been developed by SUNS AL-WATAN CONT. EST. to protect its workers from mishaps and its property from harm.

For the business, safety is of the biggest significance. To do this, our safety officer led the organization in adopting a policy. At every location, all relevant safety equipment is in place. Every employee is properly instructed in adhering to company safety rules, pertinent status codes of conduct, and industry standards to promote safety awareness.

Every new hire receives indoctrination as part of our safety training program, followed by orientation to the plant area where he will be working.

Every person on the planet is concerned about the environment. Environmental regulations have profound effects on people's lives. All safety equipment used at SUNS AL-WATAN CONT. EST. is earth friendly.

Subject: SAUDI ARAMCO VENDOR REGISTRATION (090121f3818df412)

February 19, 2018

YOUR SAUDI ARAMCO VENDOR
REGISTRATION NUMBER: 10061975

SUNS ALWATAN COMPANY LTD.

Gentlemen;

Thank you for your interest in providing contract services to Saudi Aramco. Your new contractor registration application has been approved and your Company has been assigned the following Vendor Number:

YOUR ASSIGNED SAUDI ARAMCO VENDOR NUMBER: 10061975

(Please note this Vendor Number for your future reference.)

A unique username and temporary password will be sent to each of your Company's Designated Contacts (as specified in your registration application) to enable them to access Saudi Aramco's Electronic Contracting Network (ECN). ECN is accessible through the Saudi Aramco Portal at <http://vendor.aramco.com>.

It is important to note that this registration merely provides Saudi Aramco with current contact and other basic information about your Company. This registration is different from contractor prequalification which is performed separately in connection with a specific contract or group of similar contracts. The method Saudi Aramco uses to prequalify and select bidders for each contract depends on the contract's complexity and urgency in addition to the number of potentially qualified contractors for the required work. The most important source of contractor information that Saudi Aramco will heavily rely on is each registered contractor's Contractor Profile in ECN, which each contractor can update themselves online and at any time.

Therefore, the most important step for your Company to take immediately after receiving your ECN usernames and passwords is to promptly complete the remaining sections of your Contractor Profile in ECN. These sections include:

- * Introduction
- * Work Experience
- * Certificates
- * Human Resources
- * Branches
- * Financial Information
- * Parent Company / Affiliates / Subsidiaries

We appreciate your interest in doing business with Saudi Aramco and wish you the best of success.
